PROJECTS

Responsive Web, *https://jen-lee27.github.io/src/responsive_web/*
Incorporated web accessibility such as alt tag for images, colour contrast, and jump lists, as well as adapting a responsive design using media query.

Parallax Scrolling, *https://jen-lee27.github.io/src/parallax/parallaxEffect01-jquery.html*
Website which applied parallax scrolling and various CSS and JavaScript effects.

EDUCATION

Computer Programming and Analysis, Seneca College   Sept. 2021 to Present
- Learned good programming practices to improve efficiency and quality of programs
- Collaborated with other students to build working programs and learned to work as a team

AWARDS

President's Honour List, Seneca College   Winter 2022
President's Honour List, Seneca College   Fall 2021

WORK EXPERIENCE

Food Preparation Assistant, Sushi Karu, York   Nov. 2019 to Aug. 2021
- Examined incoming orders and determined if they could be completed first to minimize customer waiting time whenever possible
- Worked as a team with other staffs in the kitchen to ensure all items in an order were completed at the same pace so they are delivered fresh to the customers

Food Preparation Assistant, Village Grocer, Markham   Apr. 2018 to Oct. 2019
- Provided menu suggestions to customers based on their preferences resulting in positive feedback and an increase in the number of returning customers
- Kept thorough track of inventory to avoid potential shortages in ingredients and maintained constant product qualities
